

MOUNTAIN PARKS ELECTRIC, INC.
COMMUNICATIONS / COMMUNITY POLICIES AND
PROCEDURES

| | |
|--|-----------------------|
| SUBJECT: REBATE PROGRAM | POLICY NO. C-5 |
| EFFECTIVE DATE: OCTOBER 22, 2003 | PAGE 1 OF 1 |
| REVISED DATE: JULY 11, 2013, 9/10/2020, 12/8/2022 | |

I. OBJECTIVE

To promote the efficient and beneficial use of electricity and establish related rebates.

II. POLICY

Mountain Parks Electric, Inc. and Tri-State Generation and Transmission Association, Inc. (MPEI's power supplier) will pay rebates by check or bill credit to Cooperative customers who install qualifying electric technologies and/or selected appliances. Items eligible for rebates may change from year to year in response to Tri-State rebate offerings. Rebate offerings may include:

- A. Electric Heating Systems – such as high efficiency air- and ground-source heat pumps for permanent installations only (i.e. no plug-in heaters).
- B. Lighting – LED/high efficiency lighting
- C. Appliances – Energy Star/high efficiency units and heat pump water heaters
- D. Electric technologies that promote beneficial electrification (reduced carbon emissions) – such as outdoor lawn/snow removal equipment
- E. Electric vehicle charging installation and equipment rebates
- F. Local renewable energy investments – as administered by MPEI's Green Power Program

III. TERMS and CONDITIONS

- Members must provide receipts, invoice and model/manufacturer data within required rebate submission deadlines (within 90 days in 2023). Receipt deadline submission requirements are subject to change.

IV. RESPONSIBILITY

The General Manager will be responsible for the administration and compliance of this policy.

, PRESIDENT

DATE: 12/8/2022
